BIG PROGRAM FOR MONDAY NIGHT

Much Interest in Races at the Saucer Track-Six Big Events.

SAMUELSON VS M'FARLAND.

They Will Ride in an Unlimited Pursuit Race for a Purse and \$200 Side Bet.

Manager Harry Heagren and the bicycle riders of the saucer track, earnestly hope for good weather next Monday evening. On that night, local cycle enthuglasts will be given a royal treat. The program will be the biggest and best of the season, according to Manager Heagren's statement, and he ought to know, it has been his aim to make each and every number a feature in itself, but, of course, chief interest will be centered in the big match race between Floyd Mersrland and W. E. Bamuelson. They will ride in an unlimited pursuit race for a purse and a side bet of £20. The men will start from opposite sides of the track, and will ride until one overtakes the other. It will be a fine test of speed and endurance. It is just the kind of race that Samuelson excels in, but McFarland feels confident of holding his own.

There will be a motor-paced race of five miles between N. C. Hopper and Frank Hofman. This race should have been run last evening, but the machines would not work, and the event was postponed until Monday night. Both riders have been training hard for the race and it is suro to be a hotly contested one. Following is the program: One-mile handicap, amateur. Three-quarter-mile handicap, professioncourse, chief interest will be centered

SPEEDY FRANK HOFMAN.

The above is an excellent likeness of Frank Hofman, the speedy bicycle rider from California. Hofman is well known to Salt Lake cycle fans, and has many friends here. When he first came to Salt Lake it was as an amateur, and he made all the best of them chase after the rear wheel of his bike, Since going into the professional class he has more than held his own. In the half mile professional race last night he beat out Hardy Downing and Samuelson, and was second to Floyd McFarland. Next Monday night he is to ride in a five mile motor paced match race with Norman C. Hopper, the popular rider from Chicago.

BIKE RAGES AT SAUCER LAST NIGHT

Floyd McFarland Was an Easy Winner in the Half Mile Professional.

MOTORS REFUSED TO WORK.

Therefore the Five Mile Match Race Between Hofman and Hopper Was Called Off.

In spite of the chilly weather which prevailed last night the saucer track was crowded with interested and loyal cycle fans. They came to see the races, they saw and were satisfied. The program, as usual, was a good one with the exception of the five-mile motor-paced event, which was not run off, for the good and sufficient reason that the motors re-

fused to run. One of the prettiest races seen here in a long time, was the final heat of the half-mile professional. It was won by Me-Farland, of course, and he gid it with the

Farland, of course, and he gid it with the utmost ease. Frank Hofman, with a pretty burst of speed, came across the Opesecond, Hardy Downing a close third, and Billy Samuelson a lame fourth.

There was a good deal of interest in this race, for the reason that many of Samuelson's admirers thought he had a good chance to get even with the lanky san Jose boy. But the other riders thought differently, and as soon as the start was made, there was a scramble to get onto McFarland's rear wheel. Hofman proved the lucky one, and as a result he got second money. After winning the race, McFarland seemed to be higally pleased about something, and he gan to laugh. The laugh increased until the elongated one fell from his wheel in a paroxysm of merriment. When asked the cause of his hilarity, he said: "Oh, within!" ause of his hilarity, he said: "Oh

Incoment weather made things dis-greeable yesterday for Herrera and Nel agreeable yesterday for Herrera and Nelson at their respective training attarters, but the fighters did not let up one lota in their work and went about their usual stunts as though the elements were as favorable as ever, says the Anaconda Standard. the afternoon they boxed and punched the bag and did other stunts. No great crowds saw them at work because few cared to braye the storm, but that made no difference to the men who will meet at the new amphitheater on Monday afternoon, as they are not training for the benefit of spectators, but to get themselves in the best possible condition.

At Gregson Springs Battling Nelson went on the road as usual with Mose and Sid Lafontise and Doc Flynn. After a hard run of about 10 miles, there was a rub-down and then something to eat. A rest for a few hours found the Dane ready to do his rope skipping, bag punching and boxing. He took on Mose and then Sid Lafontise and fivished up with a rattling set-to with Flynn. Mose Lafontise stands the majority of the hard work and Flynn does the scientific boxing with the Dane, Doe is known to be clever, but he admits he finds a more clever man in Nelson. Lafontise says Nelson is a better fighter than Herrera and Mose has boxed with both of them.

copularity of Thomas E. Watson, the Populist candidate for president.

Henry Watterson spent some time as campaign with Mr. Parker. After the conference Mr. Watterson said that he felt confident of the election of Parker. He said he had gone through several cumpaigns and that he knew whereof

he spoke. He said the independent voter probably would decide the election and that independent voters were going to Parker every day. He added: "I was in seven consecutive conven-tions and feel that I have done my I was asked to make an address part. next Wednesday night to the Demo cratic editors who are to meet in New York, and I have accepted. Of course it is probable that I may talk some politics at that time. I have found that I can talk best about current topics.

The morning papers give me plenty of subject matter as a rule. "On this occasion I have decided to speak from the subject 'If I were a Republican.' My talk will not be a discussion of issues to any great extent. It will come nearer being the philosophy of politics based on the present conflict. If I were a Republi-can now I would vote for Parker and

n my address I will tell why I would vote for him."
Mr. Watterson had never met Judge Parker, though Judge Parker knows Mr. Watterson. In 1880 Judge Parker listened to the Kentucky editor when a vehement denunciation of he New York delegation to the Democratic national convention at Cincin-nati. Judge Parker said afterward that Col. Watterson had expressed the views he would have liked to deliver to the delegation. Col. Watterson and his family will sail for Europe on November 16, and will spend the winter

n Rome.

Speech by Bourke Cockran. Bangor, Maine, Sept. 2,-Congress-man W, Bourke Cockran addressing a arge audience at the auditorium todeclared that the administration at Washington had proved itself incometent to maintain constitutional gov rnment in all the states and that the situation in Colorado was proof that the republican form of government this country was in danger. The trusts, he said, were licensed by the Republican party to exact tribute from the public and the administration's policy in the Philippines was an extension of
